

Development Days at Beer SC

Meet at the clubhouse at 1.30pm to register and change.

There will be a Developer Briefing at 2.00pm on the beach followed by a short onshore lesson on rigging, sailing theory, launch and recovery.

Sailing is from c 2.30pm to 4.30pm including a short fun race to finish before returning to shore.

We aim to have a variety of single-handed and two-handed boats on the water for everyone to have a go under the guidance of some of our more experienced sailors. It is not designed to be formal sailing training, more an opportunity for club members to gain experience of basic sailing techniques, trying out different boats and gaining their confidence.

The bar opens at 5.00 p.m. - Supper is served from 6.30 to 7.15 p.m.

In the evening there will be an informal club social event for everyone, both sailors and non-sailors, with a simple, but delicious supper and refreshment available from the bar.

For more information, please email Kit Mundy: kit.mundy@gmail.com

There are two remaining Development Days this season Saturday 17th August and Saturday 14th September

To book, please email Sarah Taylor: sarah_taylor_14@yahoo.co.uk N.B. there is an underscore between sarah and taylor and 14

Be there or be square ☺
